

Slane Activities

Slane Scabby Arch/Morgan's Lock Canal Walk

Distance: @7k

Terrain: Village Hill and level tow path, muddy in spots. Wear walking shoes/runners.

Starting from The Hub go down Mill Hill, passing Slane Castle's Gothic Gates. Cross the River Boyne. Take the left before the end of the bridge to the gate to continue this walk alongside the canal on your right and the River Boyne will be on your left.

Keep an eye out for the natural rock arch which the canal passes through and you will soon arrive at the lock.

You will see the ruins of the lock-keeper's house.

There are various flora and fauna as well as wild life in this part of the Boyne Valley, in particular watch out for the colourful Kingfisher which lives in this area. Enjoy !!!
